

**GRAIN-FREE
POTATO-FREE**

"The cat has always been and always will be an independent creature that truly knows how to value human care. With respect for the distinctive and demanding character of the cat, we seek only the best in nature to ensure its wellbeing."

Carnilove

into the Wild

Carnilove has been formulated with respect for cats' natural dietary needs.

Grain-free formulas rich in wild-origin meats, such as **salmon, turkey, duck, pheasant, lamb, reindeer, and wild boar**, and containing forest fruits and herbs provide essential proteins, fats, vitamins, and natural antioxidants **for perfect physical condition and immune system support.**

GRAIN-FREE * POTATO-FREE

Cats are almost exclusively meat eaters. Their anatomy and metabolism have adapted to process food from animal sources. Neither grains nor potatoes are found in the natural feline diet.

YEAST, PSYLLIUM, AND YUCCA

A combination of potent natural substances to support digestion, increase the usability of nutrients in the body, and provide necessary insoluble dietary fiber, which facilitates the passage of hairballs and improves overall digestive tract health.

CHICORY ROOT AND SEA ALGAE

Chicory root and sea algae form a combination of bioactive substances that have a positive impact on overall health and immunity. Chicory root is a source of fructooligosaccharides, which encourage the growth of beneficial bacteria in the bowel and have a positive effect on the composition of intestinal microflora. Sea algae are a natural source of minerals, trace elements, and amino acids. They support proper cellular immunity and stimulate the thyroid gland and metabolism.

GUARANTEED COMPOSITION CONTAINING NO CHEMICALS, PRESERVATIVES, OR ARTIFICIAL COLORANTS

Comprehensive food forms the basis of daily nutrition for cats. We understand that the quality and nutritional composition of cat food has a significant impact on overall health and wellbeing. The natural feline diet contains no chemical substances or artificial additives, both of which can accumulate in the body and cause serious health problems.

WILD-ORIGIN MEAT

Meat is an essential source of food for cats. The unconventional sources of proteins in Carnilove – salmon, turkey, pheasant, lamb, reindeer, and wild boar – are rich in nutrients, unsaturated fatty acids, and amino acids, all of which nourish the muscles and tissues. The meat and animal ingredients in Carnilove are selected with the greatest possible emphasis on quality and come from regulated farms in the Czech Republic, Germany, Sweden, Scotland, Norway, and Australia.

FOREST FRUITS, VEGETABLES, AND HERBS – URINARY TRACT HEALTH

Fruit, vegetables, and herbs are ideal supplements to the feline diet. They provide essential nutrients, fiber, vitamins, and natural antioxidants. The fruits and herbs are selected with consideration for their health benefits, namely their ability to promote natural immunity and urinary tract health.

SALMON OIL RICH IN OMEGA-3 FATTY ACIDS

Oil from Scottish salmon is a natural part of the Carnilove formulas. It is a rich source of omega-3 unsaturated fatty acids, which support nervous and cardiovascular system health, contribute to skin and hair quality, and have a positive effect on many other bodily functions.

CRUSTACEAN SHELLS AND CARTILAGE EXTRACT

The shells of marine crustaceans and cartilage extract are natural sources of chondroprotectives, which are substances that have a positive impact on the condition and mobility of the joints, tendons, and ligaments.

for Kittens

A COMPLEX OF NOURISHING SUBSTANCES, PROTEINS, FATS, VITAMINS, AND NATURAL ANTIOXIDANTS FOR PROPER DEVELOPMENT OF THE SKELETON, MUSCLES, NATURAL IMMUNITY, AND MENTAL FACULTIES.

Salmon & Turkey

With kittens, it is of critical importance to choose food rich in quality proteins, fats, vitamins, and essential nutrients for healthy growth and optimal bodily development.

Carnilove Salmon & Turkey for Kittens has been formulated with respect for the natural composition of the feline diet. The recipe is based on salmon and turkey, sources of essential amino acids, which in combination with forests fruits, vegetables, and herbs provide essential nutrients, vitamins, minerals, and antioxidants every day for proper development of the skeleton, muscles, and natural immunity.

Salmon & Turkey

GRAIN-FREE & POTATO-FREE FORMULA FOR KITTENS. COMPLETE CAT FOOD.

COMPOSITION: salmon meal (25%), turkey meal (24%), yellow peas (18%), chicken fat (preserved with tocopherols, 11%), hydrolyzed chicken protein (9%), chicken liver (3%), salmon oil (3%), tapioca starch (2%), apples (1%), carrots (1%), flaxseed (1%), chickpeas (1%), hydrolyzed crustacean shells (a source of glucosamine, 0,028%), cartilage extract (a source of chondroitin, 0,017%), brewer's yeast (a source of mannan-oligosaccharides, 0,017%), chicory root (a source of fructo-oligosaccharides, 0,014%), yucca schidigera (0,01%), algae (0,01%), psyllium (0,01%), thyme (0,01%), rosemary (0,01%), oregano (0,01%), cranberries (0,0008%), blueberries (0,0008%), raspberries (0,0008%).

METABOLIZABLE ENERGY:

4 150 kcal/kg. Omega 3: 0,60 %, Omega 6: 2,70 %.

WEIGHT: 6 kg, 2 kg, 400 g

L-lysine (3.2.3.)	11 mg

for adult cats

A CONTROLLED MINERAL CONTENT WITH REDUCED LEVELS OF POTASSIUM AND MAGNESIUM TO PREVENT THE FORMATION OF BLADDER STONES AND ENSURE OPTIMAL URINE pH LEVELS. HERB AND FRUIT EXTRACTS DELIVER ANTIOXIDANTS THAT PREVENT INFLAMMATION AND PROVIDE NATURAL PROTECTION.

Lamb & Wild Boar

In order to keep fit, adult cats need food rich in quality proteins with adequate and balanced levels of essential amino acids. Carnilove Lamb & Wild Boar for Adult Cats has been formulated with respect for the natural composition of the feline diet. Lamb and game are highly digestible dietetic proteins that are ideal for maintaining perfect physical condition in sterilised cats.

The controlled mineral content supports proper function of the kidneys and urinary tract, while the natural antioxidants obtained from fruits and herbs have cleansing and anti-inflammatory properties.

Lamb & Wild Boar

GRAIN-FREE & POTATO-FREE FORMULA FOR STERILISED CATS. COMPLETE CAT FOOD.

COMPOSITION: wild boar meat meal (35%), free-range lamb meat meal (24%), yellow peas (19%), chicken fat (preserved with tocopherols, 6%), apples (4%), chicken liver (3%), tapioca starch (3%), salmon oil (2%), carrots (1%), flaxseed (1%), chickpeas (1%), hydrolyzed crustacean shells (a source of glucosamine, 0,026%), cartilage extract (a source of chondroitin, 0,016%), brewer's yeast (a source of mannan-oligosaccharides, 0,016%), chicory root (a source of fructo-oligosaccharides, 0,012%), yucca schidigera (0,01%), algae (0,01%), psyllium (0,01%), thyme (0,01%), rosemary (0,01%), oregano (0,01%), cranberries (0,0008%), blueberries (0,0008%), raspberries (0,0008%).

TRACT.**

Duck & Pheasant

In order to keep fit, adult cats need food rich in quality proteins with adequate and balanced levels of essential amino acids. Carnilove Duck & Pheasant for Adult Cats has been formulated with respect for the natural composition of the feline diet.

Duck and pheasant make an ideal combination of tasty and easily digestible food rich in natural nutrients that improve metabolism and maintain excellent condition. Increased content of natural fibre improves digestion and facilitates the passage of hairballs through the digestive tract. With forest fruits, vegetables, and herbs, the formula provides the nutrients, vitamins, minerals, and antioxidants essential to maintaining top physical condition and building natural immunity every day.

Duck & Pheasant

GRAIN-FREE & POTATO-FREE FORMULA FOR ADULT CATS. ENRICHED WITH BEET FIBRE TO FACILITATE PASSAGE OF HAIRBALLS. COMPLETE CAT FOOD.

COMPOSITION: duck meal (34%), pheasant meal (25%), yellow peas (12%), chicken fat (preserved with tocopherols, 6%), beet pulp (5%), deboned duck (5%), chicken liver (3%), tapioca starch (2%), apples (2%), salmon oil (2%), carrots (1%), flaxseed (1%), chickpeas (1%), hydrolyzed crustacean shells (a source of glucosamine, 0,026%), cartilage extract (a source of chondroitin, 0,016%), brewer's yeast (a source of mannan-oligosaccharides, 0,016%), chicory root (a source of fructo-oligosaccharides, 0,012%), yucca schidigera (0,01%), algae (0,01%), psyllium (0,01%), thyme (0,01%), rosemary (0,01%), oregano (0,01%), cranberries (0,0008%), blueberries (0,0008%), raspberries (0,0008%).

FISH AND KELP PROTEINS ARE AN IDEAL SOURCE OF UNSATURATED FATTY ACIDS FOR A FULL AND SHINY COAT AND HEALTHY SKIN. THE FORMULA IS SUITABLE FOR CATS WITH SENSITIVE DIGESTION.

Salmon

In order to keep fit, adult cats need food rich in quality proteins with adequate and balanced levels of essential amino acids. Carnilove Salmon for Adult Cats has been formulated with respect for the natural composition of the feline diet. The meat and fat of salmon are ideal sources of omega-3 unsaturated fatty acids, which have anti-inflammatory properties and also have a positive impact on the quality of hair and skin.

Moreover, salmon protein is nonallergenic, so it's an ideal source of food for cats with sensitive digestion. With forest fruits, vegetables, and herbs, the formula provides the nutrients, vitamins, minerals, and antioxidants essential to maintaining top physical condition and building natural immunity every day.

Salmon

GRAIN-FREE & POTATO-FREE FORMULA FOR ADULT CATS WITH SENSITIVE DIGESTION, LONG-HAIRED CATS. COMPLETE CAT FOOD.

COMPOSITION: salmon meal (30%), yellow peas (17%), deboned salmon (16%), herring meal (14%), chicken fat (preserved with tocopherols, 9%), chicken liver (3%), salmon oil (3%), tapioca starch (2%), apples (2%), carrots (1%), flaxseed (1%), chickpeas (1%), hydrolyzed crustacean shells (a source of glucosamine, 0,026%), cartilage extract (a source of chondroitin, 0,016%), brewer's yeast (a source of mannan-oligosaccharides, 0,016%), chicory root (a source of fructo-oligosaccharides, 0,012%), yucca schidigera (0,01%), algae (0,01%), psyllium (0,01%), thyme (0,01%), rosemary (0,01%), oregano (0,01%), cranberries (0,0008%), blueberries (0,0008%), raspberries (0,0008%).

METABOLIZABLE ENERGY: 3850 kcal/kg. Omega 3: 1,05 %, Omega 6: 2,42 %.

Reindeer

In order to keep fit, adult cats need food rich in quality proteins with adequate and balanced levels of essential amino acids. Carnilove Reindeer for Adult Cats has been formulated with respect for the natural composition of the feline diet. Because it contains high levels of natural antioxidants, unsaturated fats, and omega-3 fatty acids, reindeer meat is ideal for restoring energy after every catty adventure.

With forest fruits, vegetables, and herbs, the formula provides the nutrients, vitamins, minerals, and antioxidants essential to maintaining top physical condition and building natural immunity every day.

Reindeer

GRAIN-FREE & POTATO-FREE FORMULA
FOR ADULT OUTDOOR CATS. COMPLETE CAT
FOOD.

COMPOSITION: reindeer meat meal (28%), wild boar meat meal (28%), yellow peas (18%), chicken fat (preserved with tocopherols, 13%), chicken liver (4%), tapioca starch (2%), salmon oil (2%), apples (1%), carrots (1%), flaxseed (1%), chickpeas (1%), hydrolyzed crustacean shells (a source of glucosamine, 0,026%), cartilage extract (a source of chondroitin, 0,016%), brewer's yeast (a source of mannan-oligosaccharides, 0,016%), chicory root (a source of fructo-oligosaccharides, 0,012%), yucca schidigera (0,01%), algae (0,01%), psyllium (0,01%), thyme (0,01%), rosemary (0,01%), oregano (0,01%), cranberries (0,0008%), blueberries (0,0008%), raspberries (0,0008%).

for large breed cats

A COMPLEX OF EASILY DIGESTIBLE PROTEINS WITH HIGH LEVELS OF NOURISHING SUBSTANCES, VITAMINS, AND NATURAL ANTIOXIDANTS FOR PROPER HEALTH OF THE MUSCLES, BONES, TENDONS, AND JOINTS AS WELL AS INCREASED NATURAL IMMUNITY AND QUALITY HAIR AND SKIN.

Duck & Turkey

In order to keep fit, adult cats need food rich in quality proteins with adequate and balanced levels of essential amino acids. Carnilove Duck & Turkey for Large Breed Cats has been formulated with respect for the natural composition of the feline diet.

Turkey and duck contain high ratios of digestible proteins and unsaturated fats to nourish the muscles and restore energy levels. The greater burden to the musculoskeletal system is offset by chondroprotectives and natural substances that promote flexibility in the joints and strength in the tendons and ligaments.

Duck & Turkey

GRAIN-FREE & POTATO-FREE FORMULA FOR LARGE BREED CATS. BALANCED TO IMPROVE THE CONDITION OF MUSCLES, BONES, AND JOINTS OF LARGE BREED CATS SUCH AS MAINE COON, AMERICAN BOBTAIL, RAGDOLL, SAVANNAH, CHAUSIE, SIBERIAN CAT, NORWEGIAN FOREST CAT, OCICAT. COMPLETE CAT FOOD.

COMPOSITION: duck meal (32%), turkey meal (18%), yellow peas (16%), chicken fat (preserved with tocopherols, 11%), apples (6%), deboned duck (5%), tapioca starch (3%), chicken liver (3%), salmon oil (1%), carrots (1%), flaxseed (1%), chickpeas (1%), olive oil (0,8%), green-lipped mussels (Perna canaliculus, 0,1%), green tea extract (0,1%), hydrolyzed crustacean shells (a source of glucosamine, 0,026%), cartilage extract (a source of chondroitin, 0,016%), brewer's yeast (a source of mannan-oligosaccharides, 0,016%), chicory root (a source of fructo-oligosaccharides, 0,012%), yucca schidigera (0,01%), algae (0,01%), psyllium (0,01%), thyme (0,01%), rosemary (0,01%), oregano (0,01%), cranberries (0,0008%), blueberries (0,0008%), raspberries (0,0008%).
